Hannah Whitfield

Senior Product Manager

PROFILE

Product manager with 8 years in B2B SaaS and marketplace products. Shipped features used by 400K+ monthly users, ran pricing experiments worth £1.8M ARR and managed a team of three associate PMs. Happiest when a messy problem has to be turned into a simple product.

EXPERIENCE

Senior Product Manager - Payments

2022 - now

Tillhouse Ltd. (fintech), London

- Own roadmap for invoicing and payouts (squad of 9 engineers + 1 designer).
- Launched instant payouts; adoption reached 31% of active merchants within two quarters.
- Cut payout-related support tickets by 38% through status tracking and clearer failure messages.
- Mentor 3 associate PMs; run the quarterly planning process.

Product Manager

2019 - 2022

Marketly (online marketplace), London

- Led the seller onboarding redesign; completion rate rose from 52% to 74%.
- Ran 25+ experiments; documented learnings in a shared playbook.
- Worked with data science to launch a recommendation widget (+6.5% conversion).

Business Analyst -> Associate PM

2016 - 2019

Corvid Consulting, Leeds

- Started as a BA on ERP projects; moved to product after leading an internal CRM rebuild.
- Wrote requirements and acceptance criteria for 14 releases.

EDUCATION

BSc Business Information Systems (2:1)

2012 - 2016

University of Examplefield
