SUMMARY

Full-stack developer, 7 years, mostly TypeScript/React/Node with a lot of Postgres. Shipped B2B dashboards, a mobile-first booking app and internal tools. Enjoy performance work, accessibility, and cleaning up old codebases.

SKILLS

Frontend	React, Next.js, TypeScript, Redux, Tailwind, Jest, Playwright	**Backend**	Node.js, Express, NestJS, Python (Django), GraphQL, REST
Data	PostgreSQL, Redis, MongoDB, Prisma, SQL tuning	**Infra**	AWS, Docker, GitHub Actions, Terraform (basic), Vercel

EXPERIENCE

Senior Full-Stack Developer - Trailhead Booking, Denver Jan 2022 - Present

- Lead dev on booking flow (React/Next.js + NestJS); checkout conversion up 11% after rebuilding forms for mobile and a11y (WCAG 2.1 AA).
- Reduced Postgres CPU by 45% via index review and moving heavy reports to materialized views.
- Set up Playwright E2E suite (180 tests) running in CI in under 9 min; flaky test rate below 1%.

Full-Stack Developer - Pinecone Analytics (remote) Jun 2019 - Dec 2021

- Built customer-facing analytics dashboard (React, D3) used by 300+ B2B accounts.
- Wrote data ingestion service in Node + Kafka handling 5K events/sec; added retries and idempotency keys.
- Moved CI from Jenkins to GitHub Actions - build time 22 min -> 8 min.

Web Developer - Brightside Digital Agency, Boulder Aug 2017 - May 2019

- Delivered 20+ client sites (WordPress, React); trained clients to self-edit content.
- Introduced Git workflow and code review for a 5-person dev team.

SELECTED PROJECTS

- **pg-slowlog-viewer** - OSS tool to visualize Postgres slow query logs; 900+ stars; github.com/jellis-example/pg-slowlog-viewer
- **a11y-checklist-cli** - generates accessibility audit checklists from sitemaps; used by 3 agencies.
- **Trail Notes** - side project PWA for offline hiking notes; 2K monthly users.

EDUCATION & OTHER

- B.S. Computer Science, Example State University of Colorado - 2017 (GPA 3.6)
- AWS Certified Developer - Associate (2023) | Speaker: Denver JS Meetup 2023, 'Making Forms Not Suck'
- Interests: trail running, board games, mechanical keyboards.
